

THE BUZZ!

WHAT'S THE BUZZ?

Just like bees save pollen to make honey, you can save money to reach your goals!

Bees work hard and store what they collect so they have food later. When you save your money, you're doing the same thing - getting ready for something oh so sweet in the future!

Time to start saving your money... HONEY!!

Why do bees have sticky hair?

Because they use honeycombs!

WORKER BEE

Money Terms, worksheet on the last few pages has to do with understanding currency both written out and numerical. Bring in the completed worksheet with the correct amounts to earn a Bee Buck!

PARENTS

We're looking for local organizations - like scout troops, community centers, or after-school programs - where we can share fun and learning about the HoneyBee Kids Club!

If you have a connection or suggestion, we'd love to hear from you! Please email - honeybee@mymncu.org

BUZZ WITH US!

Help us make the club even more fun by filling out our "Buzz With Us!" survey. Your ideas help us grow - and just like honeybees, we work better when we work together!

BUZZING WITH EXCITEMENT

What a buzzing year it's been for Abbee! She's had so much fun flying out to community events, meeting our little Honeybees, and sharing her love for pollination and saving. From high-fives to hive facts, Abbee's favorite part has been seeing kids light up with curiosity and joy. She can't wait to keep spreading smiles and bee wisdom next year!

WHAT IS BANZAI?

Banzai is an interactive learning platform that offers lesson plans and articles designed to help members learn more about their finances. It teaches healthy spending habits, planning, and financial responsibility through an online, interactive approach.

We are proud to bring this additional service to our members for FREE!
