

Rosemount Groundbreaking Complete!

We're thrilled to share we've officially broken ground on our new Rosemount location! This exciting step marks the beginning of a new chapter, and we couldn't be more grateful for the warm welcome we've received from the Rosemount community.

From day one, local leaders, neighbors and businesses have made us feel right at home. We're looking forward to continuing this journey together and celebrating our **grand opening in late fall.**

Next year, in 2026, will be our 10th anniversary as a primary sponsor of this Memorial Day tradition. Thank you to all members who continue to contribute both financially and as volunteers to support FFFS!

Banzai Blastoff at MY CREDIT UNION!

As a credit union with the mission of educating, empowering and engaging our members and the communities we serve, nothing fits that mission better than Banzai! But what is Banzai?

Banzai is a financial literacy program offered to students through school sponsorships. We are also offering Banzai to MY CREDIT UNION parents who want to play a role in building a financial literacy foundation in their children's lives. Resources offered include videos, articles, calculators, budgeting, coaching sessions and real-life scenarios on a variety of topics, with new resources being added frequently. Banzai is available in 11 different languages to make sure language itself is not the barrier to financial empowerment.

As we roll out Banzai, look for more information in the future under the "Educate" tab on our website. If you have any questions, you can email Chief Experience Officer John DeBettignies at johnd@mymncu.org.

What Is a Money Mule?

Money mules are individuals who, often unknowingly, transfer illegally obtained funds by cashing or depositing checks on behalf of criminals. Criminals try to recruit people online, often through fake job offers or social media, with directions on how to easily make money.

How can being a money mule affect you?

- **Financial Losses:** Once involved, you are at risk of losing personal funds for fraudulent transactions.
- **Account Compromise:** Members acting as mules often share sensitive banking details, exposing themselves to identity theft.
- **Legal Consequences:** Being a money mule is illegal, and you may face severe penalties, including criminal charges, fines or imprisonment, even if you are unaware of the scheme.
- **Reputation Damage:** Being involved (knowingly or unknowingly) in fraudulent activity may affect your ability to maintain or open checking, savings or loans with financial institutions.

The information contained in this article is meant for general informational purposes only. You should not rely solely on one piece of information to protect yourself from ID theft and/or fraud, and in no way does MYCU guarantee that ID theft and/or fraud will never occur if you follow these recommendations. Under no circumstances shall MYCU be liable for any loss or damage arising directly or indirectly from the use of the information provided within this article.

How to avoid becoming a money mule:

- Do not send cash, checks, gift cards or virtual currency (like bitcoin) to anyone you do not personally know.
- Do not allow anyone remote access to your personal device.
- Do not share your online banking username, password, passcodes or PIN.
- Do not engage in conversation with a phone number or email address you do not recognize.

Contact MY CREDIT UNION immediately if you have been approached and coached by someone who would like you to perform some suspicious activity.

MY CREDIT UNION strives each day to protect all members, but we still encourage members to do their homework! MY CREDIT UNION helps educate our members, but we want to empower our members to engage in seminars (by MY CREDIT UNION or community education) to help educate themselves too.

Account Disclosure and NSF Updates

Effective July 1, 2025, MY CREDIT UNION will have a new Understanding Your Account disclosure. Feel free to stop by a branch or call to receive a copy.

We're updating our Non-Sufficient Funds (NSF) fee to \$25 – a change driven by our continued commitment to keeping your financial institution strong, secure and responsive to the real costs of providing service. While no one likes fees, this modest increase allows us to maintain the high level of support, fraud protection and account monitoring you rely on – even when things don't go as planned. We're here to help you avoid fees whenever possible, with tools and guidance to keep your finances on track. This change will be effective July 1, 2025.
